

About Us

LeadingAge Connecticut & Rhode Island is a membership organization representing over 160 not-for-profit and mission driven providers of aging services. We are more than a membership organization. We are a community – advocating for an integrated and coordinated continuum of high quality, affordable and innovative health care, housing, and home and community-based services; and in which self-determination, compassion, benevolence, individual dignity, diversity and social responsibility are valued.

LeadingAge

Our national partner, LeadingAge, is an association of over 5,400 non profit aging service providers and other mission-driven organizations serving older adults in states across the country. Together, we advance policies, promote practices and conduct research that supports, enables and empowers people to live fully as they age.

The Trusted Voice For Aging

The LeadingAge community is comprised of nonprofit aging services providers and other mission-driven organizations serving older adults.

Membership spans the nation and the aging services continuum, including skilled nursing, assisted living, affordable housing, life plan communities, adult day and PACE programs, hospice and home-based services.

We hope you find this listing of members useful.

Connecticut Membership

ADULT DAY CENTERS

Community-based centers that offer daily services and supports in a group setting. Centers provide necessary health, personal care, and social services.
